- Paed - 6

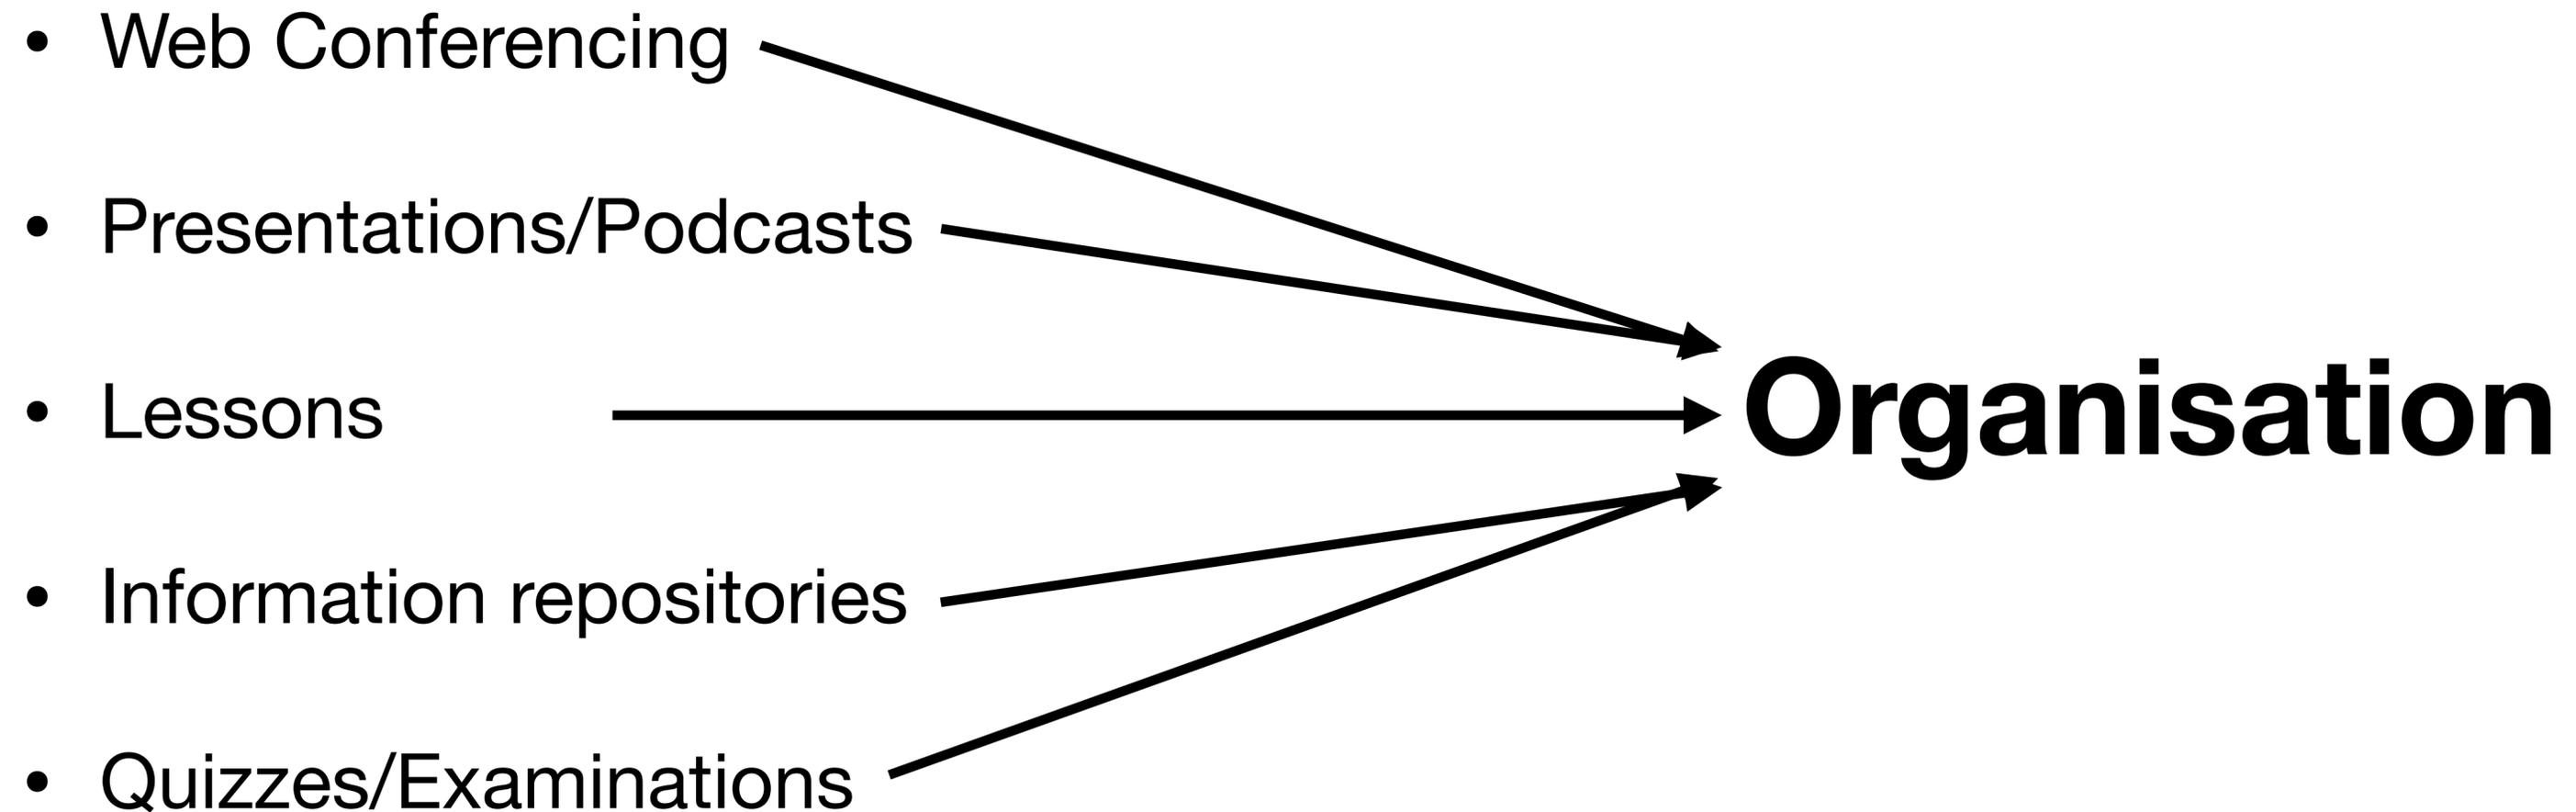

Teaching Objectives

- Curriculum
- GPC
- Clinical Thinking
- Simulation
- Engagement
- Delivery
- Assessment
- Improvement

*You can't please all of
the people all of the
time*

Virtual Resources

Maximising Gains

- Preparation
 - Information repositories, Podcast, Youtube videos
- Webinar - Interactive Teaching session
- Consolidation
 - Post-Webinar Quiz (marks attendance as well)
- **FEEDBACK**

The Brief

A pan-specialty deanery-wide educational platform that will allow all training programmes to deliver online learning in a flexible manner whilst maintaining the highest quality, is scalable and sustainable.

Assess & Recognise

- What is the Culture?
- What is needed?
- Who can deliver?
- Sustainability?
- Scalability?
- Increasing Engagement
- Ownership

Governance

The Biggest Challenges

- High quality relevant content
- Engagement (all Stakeholders)
- Building/developing a positive culture (physical and virtual)
- Governance and Succession Planning

HEEWM - SoS - SVLE

- MoodleCloud
- 500 users
- Annual Subscription

School of Surgery
